

# User Profile - Gender Field

We've added a field that allows users to specify their preferred gender. The field is non-mandatory, but it allows users to choose their gender as male, female or other.

The screenshot shows a 'New User' form interface. On the left is a sidebar with navigation items: Manager Home, Users, Groups, Administrators, Modules, Courses, Competencies, Events, Resources, Library, Reports, Forms, Jobs & Projects, Documents, Organisation, Access Licences, Contractors, and Help. The main form area contains the following fields:
 

- \* First Name: Text input field
- Middle Name: Text input field
- \* Last Name: Text input field
- Gender: Dropdown menu with options: Not Set, Male, Female, Other
- \* Username: Text input field
- \* Email: Text input field
- Date of Birth: Three separate dropdown menus for Day, Month, and Year
- Employee Number: Text input field
- Unique Student Identifier: Text input field
- Telephone: Text input field
- Positions: Text input field with placeholder text 'Select Positions'
- Location: Text input field with placeholder text 'Select a Location'
- Department(s): Text input field with placeholder text 'Select Departments'
