

Document CSV Reporting

Reporting on document elements in your business has been improved. Now, your CSV Reports feature clear details of signing, feedback and comments on each document. Simply download a user CSV Report to view these details.

Download CSV

In the Document Tab, select the Document that requires the report

1. In the Actions, select "View Users"
2. In the Upper Actions, select "Export to File"
3. Export the User Documents from the pop-up.
